Giving Thanks Show-&-Tell

Each Sunday this month each child will have the opportunity to share about a blessing. They may bring an item (i.e. book, toy, picture, souvenir) that relates to their blessing. Sharing a story and bringing an item is optional.

I look forward to hearing what each child is thankful for.

We will also be writing thank you cards each week. Here is our schedule:

November 1 - Classmate
November 8 - Teacher
November 15 - Friend
November 22 - Family
November 29 - Pastor Joe

A Note of Thanks

Stop for a moment and think of three things for which you are thankful. Was it hard to name only three things? There are so many things in our lives for which we can give thanks. This time of year helps us slow down and think about the blessings in our lives.

You and your family are one of the greatest blessings in my life. Our FBC Kids family is such a blessing to me, and I hope it is a blessing to your family as well. Even with the challenges facing our world this year, you all remain faithful. Our weekly meet ups off campus give your family a chance to get to connect with other families in a way that typically doesn't happen on busy Sunday mornings. I am so humbled and grateful for your faithfulness during this time. Your time is valuable and limited, yet you continue to invest in the lives of your children and family and make the effort to stay connected to our church family.

These times continue to be challenging and frustrating for many, but that is exactly why we need our church family. We need to pray, laugh, talk to, and support one another. Our time together as a church family should bring peace, joy, happiness, hope, and rest. I hope that is what church is for you.

I love you all. I pray God's continued blessings upon your family.

Loving What I Do,

Ms. Kristina

29	30	<p>Did you know... November 20th each year recognizes National Child's Day and all the potential represented by our children's ambitions, dreams, and goals. Through educational goals, STEAM projects, and academic missions, educators and families join forces to provide excellence at all levels of education. Education begins at home, and by providing parents with resources vital to growing minds, we encourage curiosity and brain development.</p> <p>https://nationaldaycalendar.com/national-childs-day/</p>				

How to Observe... Get involved with your child's school. Discover your child's passion. Support extra-curricular activities. Encourage community endeavors that promote Science, Technology, Engineering, Art, and Math.
